

JANINE HEALY

artist

I have a Bachelor of Visual Arts majoring in Fine Arts at Queensland College of Art Griffith University 1991.

I was a finalist in the Brisbane Portrait Prize in 2020.

I have been painting, drawing, creating, writing poetry and narratives for as long as I can remember.

There is a photograph of me drawing a portrait of my rocking horse on a black board when I was two :)

When I went to Uni I studied every medium available: Printmaking (Lithography, etching, screen printing) Painting Sculpture, Drawing, Photography and Mixed Media.

I have exhibited in numerous exhibitions and entered competitions throughout Australia.

My art has featured in publications within the Redlands and in local Scenic Rim Newspapers.

I have been involved in many arts organisations as a committee member (RedArts) and as President (Redlands PlaceMakers Cleveland and BADCAP). My passion is to enhance community involvement experiences in the arts by encouraging inclusivity and creating spaces to explore and enjoy.
